# SYSTEM OF SPATIAL PLANNING IN THE CZECH REPUBLIC

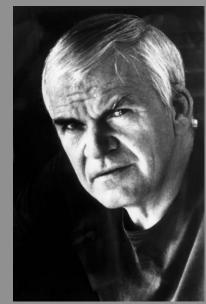

Vít Řezáč, AUUP ČR

Webinar European Systems of Spatial Planning, May 27 2021

Introduction
System of spatial planning
Open issues

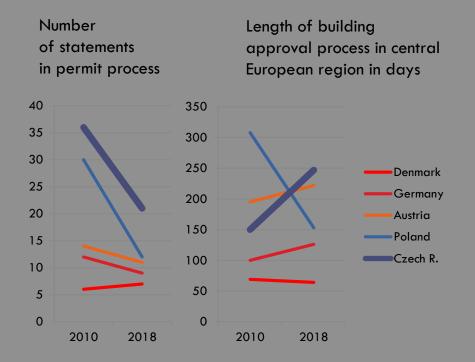

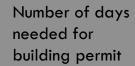

#### Czech Republic in brief

territory	78 866 sqkm			
population	10,5 mil			
	134 inh/sqkm			
GDP per capita (2020)	22 500 EUR			
Average salary (2020)	1 350 EUR			

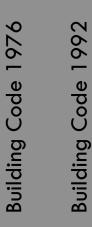

Amendment: Amendment:

#### **New Building Code modifications**

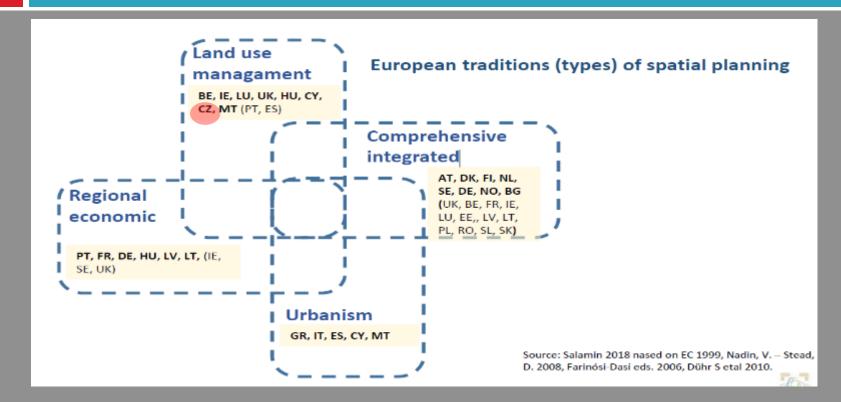

#### there are:

6 258 municipalities 5 825 land use plans (93 % coverage)

Regions NUTS 3	14
Population of region	0,3 - 1,2 million

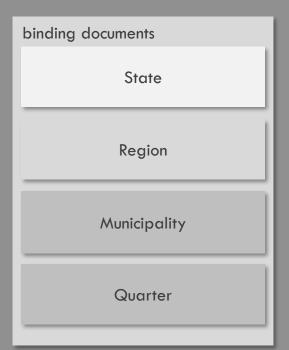

background documents **Analytical documents** (monitoring, data) Studies

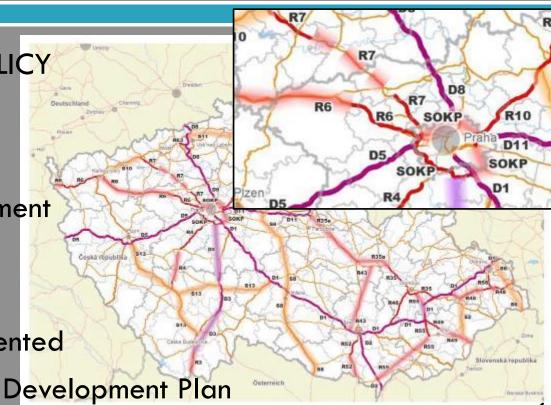

State level

Prepared by the ministry

Approved by the government

□ Schemes – A4

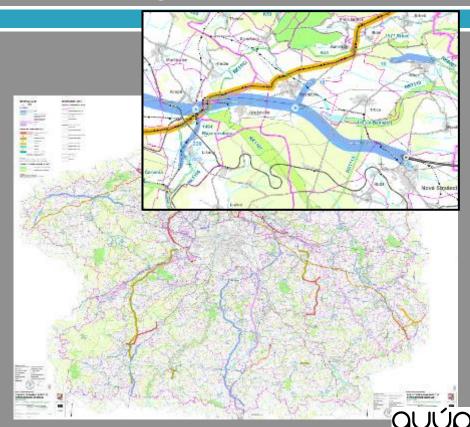

Expected to be complemented
 and replaced by Spatial Development Plan

#### **DEVELOPMENT PRINCIPLES**

- Regional level
- Prepared by regional authority
- Approved by regional council
- 1:100,000

(1:50,000; 1:200,000)

#### LOCAL (LAND-USE) SPATIAL PLAN

- Municipality level
- Not obligatory
- Prepared by municipal authority
- Approved by local council
- 1:5,000 (1:10,000)

#### **REGULATORY PLAN**

Sub-municipality level

Not obligatory

Prepared by municipal authority

Approved by local council

1:1,000

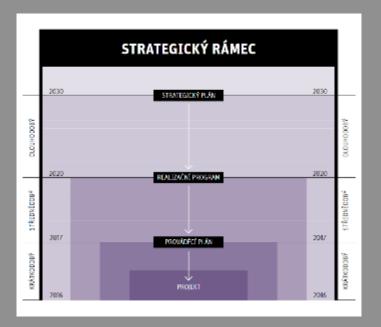

(1:2,000;1:500)

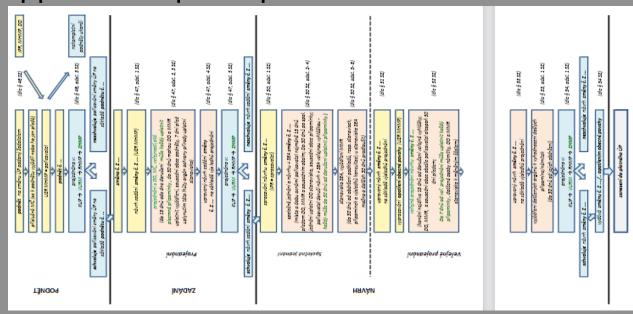

#### Strategical planning

- Not legally anchored
- Not obligatory
- Prepared by municipal authority
- Approved by local council
- Rarely spatial footprint

Process of approval of spatial plans

**Participation** 

Motion – affected persons only

Task setting

Concept (mutual hearing)

Final proposal (public hearing)

anybody

**Participation** 

Informal participation
Formal participation

Who can initiate a new/change of spatial plan (§44)

Plan procurement

Local council decides on procurement of the plan

- a) from its own initiative,
- b) at the motion of the public administrative authority,
- c) at the motion of the municipality's inhabitant,
- d) at the motion of a natural person or a legal entity, that has the proprietary or similar rights to the grounds or the structure in the territory of the municipality.

#### Financing of spatial plans

Costs reimbursement for the plan procurement

- (1) municipality, which decided on the procurement.
- (2) region, if the procurement of the alteration of the plan arises from the development principles
- (3) Costs related to debate of the plan are reimbursed by the **procurer** (state).
- (4) Proponent (private legal body, person), if the procurement of the alteration of the plan is driven by the his/her exclusive need

#### **Authorisation**

The Czech Chamber of
Architects is the recognition
body for assessment of
professional qualification for
performance of chosen activities.

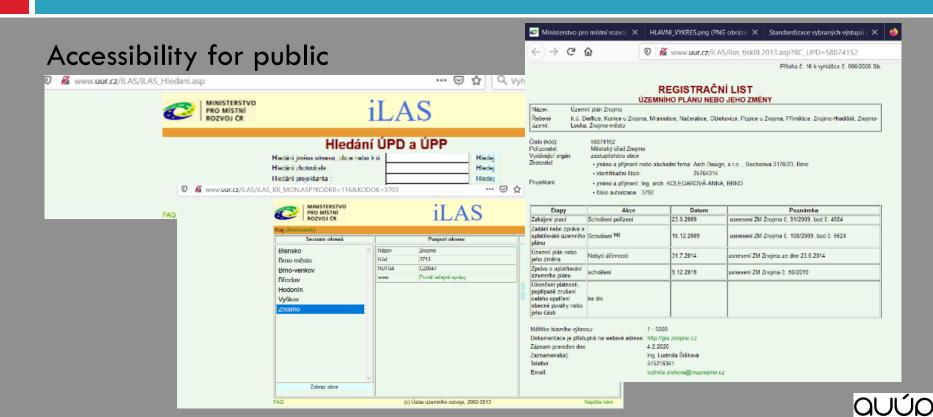

#### Standards

vector data processing (GIS or CAD)
spatial plan data (layers, graphics, description attributes)
layer harmonisation
raster conversion tools
set up of printouts

Quality control

Regional authority

Authorised designer

Authorised procurer – responsible for plan procurement

Model of state / self-government procurement

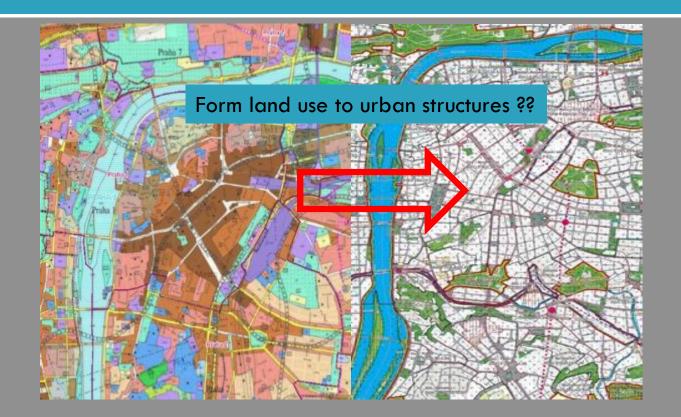

Shifting the system: Strategical vs. spatial planning

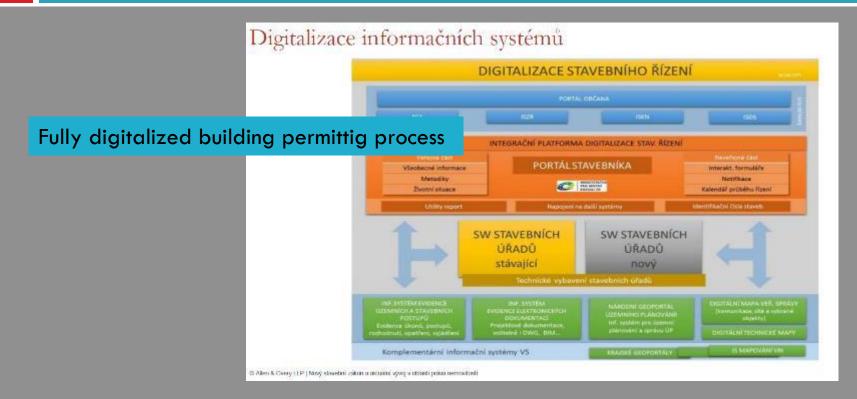

Industry 4.0:
Digitalization, standardization

□ **FUA:**Fiscal issues and inclusion
of economic tools in spatial planning

#### **New Code** preparation timeline:

a) Concept

6 months

b) Evaluation of the concept 2 months

c) Paragraph wording

months

d) Evaluation

3 months

e) Legal validity
